Category 8

### Authorisation

I agree to the terms and conditions of the NoQ community application (found at [noq.com.au/licensing](http://noq.com.au/licensing)) and authorise for NoQ to debit my nominated account for a monthly fee of \$39.00. I also agree to NoQ's combined merchant service and gateway fee of 2.9% to be automatically debitted from each transaction. NoQ will provide weekly disbursements of funds to businesses and will provide a PDF statement of the week's transactions.

Buy  to get one free

Category 2

Buy  to get one free

Category 3

Buy  to get one free

Category 4

Buy  to get one free

## Coupon | Special Deal

YES, I would like to offer a coupon when the app launches (highly recommended)

We recommend that you promote a highly attractive coupon for launch in order to create a significant 'call to action' and buzz for local customers. This will help generate great interest for the community and in particular, your store. After launch you will be able to create your own coupons by logging in to the admin console and entering your terms.

Coupon Name   
max 20 characters

(this will be what the customer sees first, so make this as eye-catching as you possibly can. e.g. 80% OFF ROSE)

### Select Coupon Type

#### Standard Product Discount

This type of coupon is a simple discount you can apply to an *already existing* product. A customer will be able to purchase this coupon within the application as if it is a product. Once the maximum available coupons have been redeemed, the discount to that product will no longer be available..

Product Name

Category of Product

Discount   %

No. of Coupons available

Length of availability   days  
(if all coupons not sold beforehand)

#### Custom Coupon

This type of coupon can be completely custom-made. A customer must be able to purchase the coupon & then redeem at a later time/date. If this coupon is chosen please provide the terms and conditions for redemption.
